CALCULATE SHIPPING COST

PRIORITY SHIPPING IS USED WITHIN USA

| <u>ITEM</u> | <u>SHIPPING FEE</u> |
|----------------------|-------------------------------------|
| Single Book or Video | \$4.25 |
| Addl. Book/Video | 1.00 extra for each additional item |

INTERNATIONAL SHIPPING AIR LETTER POST best rate up to 4 lbs.

Canada add \$7 (US)

Western Europe \$14 (US) e.g. Great Britain, Ireland, Italy, Germany, Israel

ALL OTHER COUNTRIES:

1. Please calculate your order by weight. Each book shipped = 1 lb.
Each video shipped = $\frac{3}{4}$ lb.
2. Then call your local post office to determine the best postage rate. We will accept a reasonable postage estimate within \$1.00 of our actual shipping cost. If shipping is more than \$1.00 extra we will ship your order and include an invoice for the extra shipping fee. This may delay your order somewhat. Having your local post office calculate this correct rate for you will prevent this delay. Thank you for your understanding.
